

## Section 4: Building with Docker

Now that you are done with the videos of section 4, let's assess your learning. Here, are a few questions; followed by a few options, out of which 1 is the correct option. Select the right option and validate your learning! The answers are provided in a separate sheet.

Q1. State whether true or false:

Docker enables you to have isolated environments.

- a. True
- b. False

Q2. How to verify if Docker is installed on the machine?

- a. `docker run hello-world`
- b. `docker test`
- c. `docker --test`
- d. `docker-platform run hello world`

Q3. State whether true or false:

This is the syntax to use docker in the pipeline or in a stage of the pipeline:

```
agent { docker 'ubuntu:16.04' }
```

- a. True
- b. False
